

F8n Pro MultiTrack Field Recorder System Software Version History

You can always download the latest system software for free on the web site shown below.

<https://zoomcorp.com/>

Version 1.20

- **Release to fix the following issue and add the following functions in September 2022**

- Issue fixed

1. When the power was turned on after being off for two or more hours, the MAIN OUT signal could be no output correctly about 0.5% of the products.

- Functions added

1. A function has been added that shows the SD card formatting menu when the power is turned on.
2. An "MS Stereo Link (Monitor Only)" parameter, which converts only the monitoring signal to normal stereo, has been added to the Stereo Link Mode settings.

Version 1.10

- **Released as the following bug fix in April 2022**

1. There are cases where F8n Pro cannot record properly after changing the WAV Bit Depth on "F8 Control" app.

Version 1.02

- **Released as the mass production in February 2022**
